5 Sound Blocks

Remember that students must now spell block patterns in addition to their other jobs. They must label and spell the first pattern. On all subsequent patterns, they must label their block change and then spell each new pattern.

2 Syllable Blocks

Make sure that the students are doing every single one of their block jobs in the correct order and are not skipping any. Also make sure that the students are verbalizing every single step. This is crucial. Prefixes and suffixes are shown as one block or a felt can be used.

2 Syllable Block Jobs

- Match old word to new word
- Touch and feel old to new word
- Say chunk to chunk change
- Make chunk to chunk change
- Spell new chunk
