Brain Development

God creates us with 100 million neurons (the brain's conduits of information). Only about _____% of the connections between them are hard-wired when God creates us in our mother's womb.

Connections of the other _____% of the brain's neurons are formed by what we do prior to age 25. These connections are soft-wired.

Three Key Factors About Today's Young People

They have _____

They want _____

Many are _____

"I love you too much to..."

Lies and Things to Try

Lie #1: _____

Lie #2: _____

Lie #3: _____

Lie #4: _____

Lie #5: _____

For all the lies:
